orthodontics

A simple, affordable way to maintain  
your **amazing** smile for years to come!

Burkhardt Pecora Bloomberg Orthodontics'

# Smile Protection Program

## Teeth on the Move

Although teeth do not have memory, teeth will have the freedom to shift throughout life if you do not wear a retainer. Shifting can take place due to genetics, the natural aging process, or habits such as clenching or grinding. Wearing your retainers is an essential part of ensuring that you will enjoy a long lasting beautiful smile.

## Retainers to the Rescue

While our job is finished, yours begins! Just as keeping your teeth clean and healthy is a lifelong commitment, maintaining your smile requires a long-term commitment to your retainers. BPBO's Smile Protection Program provides a cost-effective way to replace your lost or broken retainers.

You can enroll in BPBO's Smile Protection Program for \$780. A set of clear retainers is included with enrollment (\$360 value). Additionally, it allows you to have your retainers replaced anytime over the next 5 years for a small copayment: \$60 per set of clear retainers. If your retainers require pontic (artificial) teeth added, please discuss additional pontic fees with a staff member. BPBO's Smile Protection Program fees are non-refundable and non-transferable.

## How does it work?

We're excited about your final result and want to remove any barriers from getting replacement retainers when the need arises. No need to stress when the dog chews on the retainers, they get thrown away, they breakdown over time, or you have new dental work completed! We are happy to offer two very affordable payment plans:

- finance the amount over the course of treatment\*
- enroll after your braces are removed, we can finance over 4 months\*

**\*please see BPBO's Smile Protection Service Agreement for full details**

Sign up today to ensure a fabulous, long lasting smile!
